The Creatures in Room 642

1. The Room

Percussionist Speaks:

Everybody knows about room 642. It’s up there on the top floor all the way down at the end of the hallway. It’s that room where you’re sent when you’re causing too many problems in your regular class. 642 can be quiet & peaceful or wild and chaotic. It just depends on who inhabits it on any given day.

Right now we’re going to do something really unusual. We’re going to visit room 642 in a way that lets us see and hear what’s going on in there without the people in the room knowing that we’re observing them. It’s as if we’ll be behind one of those two-way mirrors you’re sent when you’re causing too many problems in your regular class. 642 can be quiet & peaceful or wild and chaotic. It just depends on who inhabits it on any given day.

As we walk down the hall we already start to hear some strange sounds……..

For this visit we’re going to have to ‘see’ with our ears rather than our eyes.

As we walk down the hall we already start to hear some strange sounds……..
